Subject: RE: QAPP meeting with AECOM

---

Have they provided the QAPP RTCs? I thought Ken said they would provide them Tuesday afternoon. It's now Wednesday. My recommendation is to tell Ken that the call should be no earlier than 5 working days from the time they provide the QAPP RTCs.

Sorry to pester on this topic – I assume we have not received their Bathy Specific HASP yet. Has EPA decided on what to do about that? Are we pushing the start to next Wednesday (3/14) if they give it to use today?
